The MD chair has a stand frame which can be equipped with a swivel function (art. no. DDB) or swivel function with return spring (art. no. DRF) for surcharge.

Combined covers

This model can also be supplied in combined cover qualities and cover colours. See order information and image.

Contrast thread

This model is available in leather and some fabric colours with contrasting colour thread on request at no extra charge.

ORDER INFORMATION

Seam appearance:

Decorative, felled or double seams may appear different in fabric and leather versions. For manufacturing reasons, seams may be left out of the fabric version or replaced with simple seams.

Combined covers:

This model is available fully covered in fabric or leather as well as covered in combined covers. See image and price list.

Price 1: back outside

Price 2: seat and back inside

All of the dimensions given are approximate dimensions in cm in width/depth/height/seat height. We reserve the right to make changes.

The measure of width and depth does NOT include the possible protruding of the base of the tripod leg and the sled leg.

Seat depth chairs: approx. **44 cm**

Seat depth benches: ca. **48 cm**

Model-related feature:

The upholstery is deliberately processed casually to create a certain visual appearance.

Waving is not a quality defect, but a model-related feature that ensures optimum seating comfort.

Contrasting thread:

This model is available in leather and some fabric colours with contrasting colour thread at no extra charge. You will find the specified colours in our fabric/leather trolley. Please state the no., otherwise tone-in-tone will be delivered.

Digital fabric/leather and colour samples:

The visual appearance of the covers and colour samples may vary, samples in accordance -

colour and structure deviations possible.

Load capacity:

A maximum load capacity of the benches of up to 80 kg per 70 cm seat is guaranteed.

Load-bearing capacity:

A maximum load-bearing capacity of this chair up to 120 kg is guaranteed.

Back sides of sofas:

All pieces are genuinely upholstered at the back.

Frame structure of the chairs:

The chairs have a different frame structure than the group. This also results in a different seat firmness.

Frame: metal frame foamed in cold foam
Seat upholstery structure: metal frame foamed in cold foam, ergoPUR foam, diolen cover
Back upholstery structure: metal frame foamed in cold foam, with diol cover

Legs and floor protection:

With slim furniture legs with a small gliding surface, there is increased pressure on the floor. We recommend fitting glides or an underlay to protect against scratches and pressure marks on sensitive floors.

UPHOLSTERED FURNITURE QUALITY

Upholstered furniture from passion.

For almost 75 years, this passion has led to the creation of high-quality and special pieces of furniture and designer furniture - sofas that combine elegant and contemporary design with first-class comfort. We stand for craftsmanship, trend-setting ideas, appealing design and know-how from Germany. The result is upholstered furniture with guaranteed first-class comfort and attention to detail. When selecting the materials used, we pay attention to sustainability and the conservation of resources.

- Traditional craftsmanship down to the last detail
- High-quality, environmentally friendly materials
- Careful & precise workmanship
- Cooperation with renowned furniture designers
- Production according to DIN & RAL quality guidelines of the Deutsche Gütegemeinschaft Möbel e.V.
- Regularly tested product quality „Made in Germany“
- Development at the Upper Franconian location in Ebersdorf near Coburg
- Carefully selected fabric and leather cover collections in many colours for a wide range of requirements.
